6.2 Description of evaluation activities

Composition of audit team:

Auditor(s), roles	Qualifications
Mikhail Rai, audit team leader	NEPCon SBP lead auditor. He has successfully passed SBP auditor training in Berlin in September 2019; previous experience with several SBP assessments and annual audits in Russia and Belarus.

The desk-based evaluation was focused on management system evaluation: division of the responsibilities, document and system, input material classification (reception and registration), analysis of the existing FSC system and its control points.

Description of the audit evaluation:

All SBP related documentation connected to the SBP as well as FSC CoC system of the Trader, including SBP Procedure and FSC system description was provided by the Trader prior to the assessment, which started with an opening meeting via Skype, attended by the SBP responsible person.

Audit team leader introduced himself, provided information about audit plan, methodology, auditor qualification, confidentiality issues, and assessment methodology and clarified certification scope. During the opening meeting the audit team leader explained the CB's approval related issues.

After that auditor went through all applicable requirements of the SBP standards 4, 5 and instruction document 5E covering input clarification, existing chain of custody system, management system, recordkeeping requirements, categorisation of input and verification of SBP-compliant biomass. During the process, overall responsible person for SBP system and other staff were interviewed. Also, FSC system critical control points were analysed.

At the end of the audit, findings were summarised, and audit conclusions based on use of 3 angle evaluation method were provided to the SBP responsible person.

Impartiality commitment: NEPCon commits to using impartial auditors and our clients are encouraged to inform NEPCon management if violations of this are noted. Please see our Impartiality Policy here: <http://www.nepcon.org/impartiality-policy>.

6.3 Process for consultation with stakeholders

No stakeholder consultations conducted prior, during and after this audit (n/a for trader).

7 Results

7.1 Main strengths and weaknesses

Strengths: use of the FSC transfer system; limited number of the management staff and clearly designated responsibilities within the staff members.

Weaknesses: none.

7.2 Rigour of Supply Base Evaluation

Not applicable

7.3 Collection and Communication of Data

OVERBEST LIMITED is a trader without physical possession. The Trader does not complete SREG since all end points are covered with the supplier's SBP certificate scope. The Trader commits to provide its suppliers' SARs to the SBP certified customers upon request.

7.4 Competency of involved personnel

Overall, Trader's staff showed good understanding of knowledge of all applicable SBP requirements. Generally, only the following staff members are involved into SBP certification:

- SBP responsible (SBP procedures and systems updates, management system maintenance, SREG);
- Sales manager (Supplier's SDIs, distances, complaints, sales, registration of inputs and outputs)
- Accountant or sales manager (DTS, invoices)
- Director or financial director (Chain of custody, anti-bribery policy and code of conduct, EUTR requirements).

Prior to and during the audit, the Trader was supported by former SBP responsible (external consultant) who also has provided relevant training to the staff.

7.5 Stakeholder feedback

No stakeholder consultations conducted prior, during and after this assessment (not applicable for traders).

7.6 Preconditions
